To use this Grouping Matrix with Bulk Splice Material Price List

1. Identify the type of Fenner Dunlop Americas belt you want to splice or repair.
2. Find what Group it belongs to on the above Matrix.
3. Find the splice material components under the Group number on the Bulk Splice Material Price List.
(i.e. - B-95 Breaker Fabric for MOR belts is found under the Group 1 Splice Fabrics)
(i.e. - .040 x 28" x 30' Tie Gum for Granite belts is found under the Group 1 Tie Gums)

Note: Some groups are special MTO compounds that only is sold in kit form and has a three week or more lead time.
